MS-264 Report Supplement

CHARACTERISTICS OF ELIGIBLE MEDICAID RECIPIENTS

MARCH 1989

This report is a corollary to the MS-264, MEDICAID SERVICES IN KENTUCKY, for recipients eligible for Title XIX, Medicaid. Such eligible recipients are displayed in this report by age group, race, sex and status (adult or child) for each eligibility category. The Aid to Dependent Children (AFDC) and MA Families with Dependent Children (MAC) Categories are displayed by specific eligibility criteria, i.e., Basic, (death, absence, or incapacity of parent), Foster Care, Unemployment, etc. Children's age is shown for each year rather than by groups. For convenience the definition of the eligibility categories are repeated in this cover as follows:

Eligibility Criteria. Persons receiving a money payment for subsistence needs are automatically eligible for Medicaid and are designated as Categorically Needy. Such persons are AFDC children/adults and SSI/SS aged, blind and disabled recipients. Qualified Medicare recipients not previously eligible for Medicaid are designated as Other Needy. Other eligible persons are designated as Medically Needy Only.

Categorically Needy Eligibles. Money payment programs are Supplemental Security Income (SSI), State Supplementation (SS), Aid to Families with Dependent Children (AFDC), and AFDC-Foster Care. SSI is administered by USSSA, AFDC and SS are administered by the Kentucky Department for Social Insurance, and AFDC-Foster Care is administered by the Kentucky Department for Social Services (effective April 1982).

Aid to Aged, Blind and Disabled (AABD); Supplemental Security Income (SSI); and State Supplementation to AABD (SS). Title I of the Social Security Act established subsistence payments to the aged which was implemented in August 1936 with Federal/State funding. Aid to Blind and Aid to Permanently and Totally Disabled were established under SSA and implemented in Kentucky in December 1942 and September 1956 respectively. Subsequently, SSA combined AABD into one program under Title XVI. The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled. This program as implemented by SSA in January 1974, is known as Supplemental Security Income (SSI) and is supported by all federal monies. The law also mandated states to supplement from all state monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "State Supplementation". In Kentucky, State Supplementation is directed primarily to aged, blind or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization.

Aid to Families With Dependent Children (AFDC). Established under Title IV-A of the Social Security Act of 1936, the AFDC federal/state funded money payment program provides for the basic subsistence needs of children who are deprived of parental support or care due to death, continued absence, physical or mental incapacity of the parent, and (at states option and/or fiscal capability) unemployment of parent. In addition, assistance is available for eligible children needing placement in foster care upon judicial finding that the home is not conducive to the child's well-being until such time as home-setting is improved and the child can be returned. On October 1, 1942, Kentucky implemented AFDC for children. On February 1, 1964, expanded the Program to include Foster Care. The money payment unemployed parents (father) segment (AFDC-UF) was in effect in Kentucky from July 1975 through July 1977. Subsequent amendments designated selected groups as categorically needy and consequently eligible for Medicaid. Such groups are 1) AFDC cases with money payments discontinued due to increased earnings retain Medicaid eligibility for four months - implemented May 1974; 2) AFDC recipients eligible for less than \$10 but due to OBRA 1981 do not receive payment, implemented February 1982; 3) children eligible for foster care or adoption assistance under Title IV-E of the Adoption Assistance and Child Welfare Act of 1980 - implemented in Kentucky in July 1982; 4) Recipients with AFDC suspended for one month but retaining Medicaid eligibility--implemented October, 1984.

Medically Needy Eligibles. Under Title XIX, the 1965 Amendments allowed for expansion of the program to persons other than the aged who were not in receipt of money payments for subsistence needs, i.e., medically needy only persons. Eligibility criteria parallel the categorically needy except for income. As implemented in July 1966, (the effective date of the amendment), Kentucky's Medical Only Program extended coverage beyond the basic categorical groups of aged, blind, disabled and families with dependent children deprived due to death, absence, or incapacity of parent to the medically indigent families with children of unemployed parents and also for the "unborn" child, two segments not receiving money payments in Kentucky.

Effective April 1973, eligibility policy implemented to discontinue MA only cases with no on-going medical needs thereby eliminating the administrative burden of eligibility caseloads prior to medical necessity. Eligibility for cases with continuing medical needs determined quarterly as excess income is "spent-down" to required level.

Effective July 1973, federal regulations restricted the definition of unemployment to specified time-related labor market attachments. Concurrent with this action, Kentucky elected to cover persons meeting the eligibility criteria for special groups of children and thereby retained coverage for "children only in families with unemployed parent(s)" with a less restrictive work history. This segment was discontinued October 1, 1981, for containment purposes. In February 1974, the Medical Only Program was expanded to cover a special group of children who are patients in psychiatric hospitals.

The Deficit Reduction Act of 1984 (DEFRA) requires that children in intact families (deprivation factor not required) who were born after September 30, 1983, and have not reached age five (5) will be eligible for Medicaid if the income and resource standard for AFDC is met. (NOTE: Not eligible for AFDC money payment.) Medicaid coverage for such children was implemented October 1984. In January 1985, Kentucky voluntarily extended this coverage to such children meeting the higher Medicaid standard. In January 1985, Kentucky also extended coverage to include pregnant women in intact families with the above resource limits. In July 1987 Kentucky extended coverage to children in MAC Intact Families to age 18.

Effective June 1987, recipients in long-term care for 30 full consecutive days and income not to exceed 300 percent of the SSI standard were designated as categorically needy recipients thereby not requiring spend-down eligibility criteria.

The Omnibus Budget Reconciliation Act of 1986 (OBRA) provided for an optional (categorical) program to cover pregnant women and children in intact families with income below the poverty level and meeting required resource standards. Coverage for children is limited by age up to two (2) years as of October 1, 1987, and may include ages 3, 4 and 5 in subsequent years on October 1. Effective October 1987, Kentucky implemented the program covering pregnant women and children up to age two (2).

Other Needy Eligibles. The Medicare Catastrophic Care Act of 1988 mandated the coverage of Qualified Medicare Beneficiaries (QMB's) with income and resources meeting poverty related criteria. Kentucky implemented the program effective January 1989. The Act mandates that Medicare premiums, coinsurance, and deductibles are Medicare covered services for the QMB population which includes existing Medicaid eligibles with Medicare coverage and persons who became Medicaid eligible under this Act.

MEDICAID SERVICES IN KENTUCKY

APRIL 1989

Medicaid Services Program. The Medicaid Services Program, under the legal authority of Title XIX of the U.S. Social Security Act (SSA) and KYRS205.320, currently administers the provision of coverage for preventative and remedial medical care not otherwise available to financially indigent and medically indigent persons within the State's funding limitations. The 1960 Amendments to the SSA (Harr-Willie) provided federal/state funding for medical care for persons receiving a public assistance money payment for subsistence needs and for the aged medically indigent only. Kentucky adopted the program in January 1961. The 1965 Amendments established Title XIX and allowed for expansion of the program to persons other than the aged who were not in receipt of money payments.

The scope of medical services under the 1960 Amendments as implemented in Kentucky covered physicians, prescribed drugs, inpatient hospital, dental and nursing home (DNH). Under the the 1965 Amendments, Kentucky expanded coverage to mental and TB hospitals effective July 1966; out-patient hospital & home health and lab were added in July 1967; Supplementary Medical Insurance (SMI) for persons eligible for Title XVIII, Medicare, in April 1968; mental health clinics in July 1969; intermediate care (ICF) in 1972; six services were added during 1973 - intermediate care for mentally retarded (CF-MR), vision, hearing, ambulance and non-emergency transportation; assisted family planning was implemented in December 1974; primary care clinics in July 1978; renal dialysis and ambulatory surgical, previously included within outpatient, were identified separately as of July 1982; rural health clinics in September 1982; Citicare (a prepaid health insurance plan to provide physician, inpatient and outpatient hospital and home health services, pharmacy and lab services to AFDC and AFDC related recipients) was in effect in Jefferson County from July 1983 - June 1984 (pharmacy and lab for Jan. - June 1984 only); nurse midwife in November 1983; alternative intermediate services/mental retardation (AIS-MR) in November 1983; home and community based care, including adult day care (WCBC) & nurse anesthetist in March 1984; pediatrics in May 1985; hospice in March 1987; Preventive Services in September 1988; and chiropractic, portable x-ray, physical therapist, occupational therapist, psychologist and DME suppliers (Medicare Beneficiaries only) January 1989.

The Kentucky Patient Access System (KEPAC), a medical case management system wherein AFDC and AFDC related (WAC) recipients are required to select (or be assigned) a primary Medicaid Certified physician, was implemented February 1, 1986 with all eligible recipients enrolled within six months. Recipients may select a physician within a clinic or primary care setting. The physician case manager oversees the recipient's total health care by delivery of full scope of Medicaid services or makes referrals to specialty physicians, hospitals (inpatient and outpatient), nurse anesthetists, rural health clinics, primary care and ambulatory surgical centers. Case management fee is \$1.00 per month per recipient.

Eligibility Criteria. Persons receiving a money payment for subsistence needs are automatically eligible for Medicaid and are designated as Categorically Needy. Such persons are AFDC children/adults and SSI/SS aged, blind and disabled recipients. Other eligible persons are designated as Medically Needy Only.

Categorically Needy Eligibles. Money payment programs are Supplemental Security Income (SSI), State Supplementation (SS), Aid to Families with Dependent Children (AFDC), and AFDC-Postor Care. SSI is administered by USSEA, AFDC and SS are administered by the Kentucky Department for Social Insurance; and AFDC-Postor Care is administered by the Kentucky Department for Social Services (effective April 1982).

Aid to Aged, Blind and Disabled (AABD); Supplemental Security Income (SSI); and State Supplementation to AED (SS). Title I of the Social Security Act established subsistence payments to the aged which was implemented in August 1936 with Federal/State funding. Aid to Blind and Aid to Permanently and Totally Disabled were established under SSA and implemented in Kentucky in December 1942 and September 1956 respectively. Subsequently, SSA combined AABD into one program under Title XVI. The 1972 Social Security Amendments amended the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled. This program as implemented by SSA in January 1974, is known as Supplemental Security Income (SSI) and is supported by all federal monies. The law also mandated states to supplement from all state monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "State Supplementation". In Kentucky, State Supplementation is directed primarily to aged, blind or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization.

Aid to Families with Dependent Children (AFDC). Established under Title IV-A of the Social Security Act of 1936, the AFDC federal/state funded money payment program provides for the basic subsistence needs of children who are deprived of parental support or care due to death, continued absence, physical or mental incapacity of the parent, and (at states option and/or fiscal capability) unemployment of parent. In addition, assistance is available for eligible children needing placement in foster care upon judicial finding that the home is not conducive to the child's well-being until such time as home-setting is improved and the child can be returned. In Oct. 1942, Kentucky implemented AFDC for children deprived due to death, absence or incapacity of parents and in Feb. 1964, expanded the Program to include Foster Care. The money payment unemployed parents (father) segment (AFDC-UP) was in effect in Kentucky from July 1975 through July 1977. Subsequent amendments designated selected groups as categorically needy and consequently eligible for Medicaid. Such groups are 1) AFDC cases with money payments discontinued due to increased earnings retain Medicaid eligibility for four months-implemented May 1974; 2) AFDC recipients eligible for less than \$10 but due to OMHA 1981 do not receive payment, implemented February 1982; 3) children eligible for foster care or adoption assistance under Title IV-E of the Adoption Assistance and Child Welfare Act of 1980 - implemented in Ky. in July 1982; 4) Recipients with AFDC suspended for one month but retaining Medicaid eligibility -- implemented October 1984.

WS-264 Report: Categorically Needy Eligibles. (Con't)

Medically Needy Eligibles. Under Title XIX, the 1965 Amendments allowed for expansion of the program to persons other than the aged who were not in receipt of money payments for subsistence needs, i.e., medically needy only persons. Eligibility criteria parallel the categorically needy except for income. As implemented in July 1966, (the effective date of the amendment), Kentucky's Medical Only Program extended coverage beyond the basic categorical groups of aged, blind, disabled and families with dependent children deprived due to death, absence, or incapacity of parent to the medically indigent families with children with unemployed parents and also for the "unborn" child, two segments not receiving money payments in Kentucky.

Effective April 1973, eligibility policy implemented to discontinue MA only cases with no on-going medical needs thereby eliminating the administrative burden of eligible caseloads prior to medical necessity. Eligibility for cases with continuing medical needs determined quarterly as excess income is "spent-down" to required level.

Effective July 1973, federal regulations restricted the definition of unemployment to specified time-related labor market attachments. Concurrent with this action, Kentucky elected to cover persons meeting the eligibility criteria for special groups of children and thereby retained coverage for "children only in families with unemployed parent(s)" with a less restrictive work history. This segment was discontinued October 1, 1981, for cost-containment purposes. In February 1974, the Medical Only Program was expanded to cover a special group of children who are patients in psychiatric hospitals.

The Deficit Reduction Act of 1984 (DEFRA) requires that children in intact families (deprivation factor not required) who were born after September 30, 1983 and have not reached age five (5) will be eligible for Medicaid if the income and resource standard for AFDC is met. (NOTE: Not eligible for AFDC money payment.) Medicaid coverage for such children was implemented October 1984. In January 1985, Kentucky voluntarily extended this coverage to such children meeting the higher Medicaid standard. In January 1985, Kentucky also extended coverage to include pregnant women in intact families with the above resource limits. Effective July 1987, Kentucky extended coverage to children in intact families to age eighteen (18).

Effective June 1987, recipients in long-term care for 30 full consecutive days and income not to exceed 300 percent of the SSI standard were designated as categorically needy recipients thereby not requiring spend-down eligibility criteria.

The Omnibus Budget Reconciliation Act of 1986 (OBRA) provided for an optional (categorical) program to cover pregnant women and children in intact families with income below the poverty level and meeting required resource standards. Effective October, 1987, Kentucky implemented the program covering pregnant women and children up to age two (2). Effective October, 1988, the program was expanded to include pregnant women and children up to age 1 with income below 125% of the poverty level.

Other Needy Eligibles. The Medicare Catastrophic Care Act of 1988 mandated the coverage of Qualified Medicare Beneficiaries (QMB's) with income and resources meeting poverty related criteria. Kentucky implemented the program effective January 1989. The Act mandates that Medicaid pay Medicare premiums, coinsurances, and deductibles for Medicare covered services for the QMB population which includes existing Medicaid eligibles with Medicare coverage and persons who become Medicaid eligible under this Act.

Notes About Content of Report

Data contained in the WS-264 series of reports reflects statistical tabulations of eligible recipients, utilizers and vendor payment for medical services. Recent State Fiscal Year (FY) trends are displayed for State totals only; also, trends of monthly State totals for the current "FY to date" are displayed. The current month's state total data are displayed for eligible recipients, utilizers and utilization rates (per 100 eligible), vendor payments and average payments, by type of medical service and eligibility category. Recipients eligible for medical care are based on actual eligibility for the indicated period. Data pertaining to utilizers of medical care are based on date of payment of the medical bill rather than date of medical service. The sum of utilizers for the different types of medical services does not equal the total since a person may be included in more than one type of service. Data are also displayed by county and by type of medical service for each eligibility category. This report does not reflect all fiscal adjustments.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Guardian" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Some of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood, Oakwood, or Excelsior/Outwood) and, consequently, are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. Also, some are in Personal Care, Family Care, or Skilled Nursing Homes throughout the State. Beginning July 1980, responsibility for such "Guardianship" cases was transferred from the respective counties to the Agency's Central Office in Franklin County even though the recipient was not physically relocated.

Display of medical services, by type, (Part D, Tables 3-12) contain the following combinations of services with footnotes to designate data applicable to each service segment: Inpatient Hospital includes general hospital, mental hospitals for the aged, and psychiatric hospital services to age 21 and under; Intermediate Care includes public and private facilities serving the mentally retarded (ICF-MR) as well as basic ICF; P. C. includes primary care and rural health clinics; Other Clinic includes renal dialysis and ambulatory surgical; Alternate Care covers AIS-MR and WCBC; Other Practitioners includes optometrist nurse anesthetist, nurse midwife, and podiatry and Misc. NEC includes birthing centers, opticians, hearing services, Hospice and Preventive Services. Family Planning Non-Clinic reflects FP services billed by physicians, hospitals, pharmacy, outpatient and nurse anesthetist providers.

a/ See reverse for detailed eligibility classification for MAC.
 ** Eff. Feb 1, 1982, includes insignificant less than one-half of one percent of recipients eligible for less than \$10 grant who do not receive money payment but remain eligible for Medicaid; also, recipients in suspense for one month for failure to comply with mandatory monthly reporting who also remain eligible for Medicaid. (OBRA 1981).

* Total MAC is displayed on previous page.

a/ Eff. Feb. 1974, Basic MAC children include relatively insignificant number of children (less than 100) eligible as inpatients in psychiatric hospitals; Increased in SFY 87 to 115; Increased in SFY 88 to 247; Increase in SFY 89 to 349.

b/ Children in AFDC families who are eligible for MA only.

c/ FY 81: Effective May 1980, U. S. Supreme Court decision based eligibility on unemployment of either parent (UP) rather than father only; also, other significant changes in UP reflect delayed impact of fluctuations in KY unemployment rates.

d/ FY 82: Decrease in MAC children reflects OBRA 81 elimination of 18-21 year age group. Also, KY. discontinued program for "children only" of unemployed parent eff. Oct 1981 (the av. for "other children of unemployed parent" for 3 mo. period July-Sep 1981 was 2,958 cases, 893 adults & 4,655 children).

e/ FY 85: DEFRA implemented Oct 1984 mandated inclusion of all eligible children in AFDC thereby eliminating MA only child from AFDC family (remaining children reflect eligibility due to technical exclusion from AFDC money payment cases, i.e. failure to comply with WIN requirements, etc.) DEFRA also mandated coverage for children in Intact Families (deprivation factor not required) who were born after Sep 30, 1983 and have not reached age 5. In Jan 1985 KY also extended coverage to include pregnant women in Intact Families. Eligibility due to pregnancy (unborn child) in Basic and UP segments has been in effect since July 1986 but tracking began in July 1984. Effective July 1987 Kentucky extended coverage for children in Intact Families to age 18.

f/ FY 86: OBRA 86 allowed for Optional categorically needy program limited to pregnant women and children with income below Poverty Level; Kentucky implemented the program effective Oct. 1987. Effective Oct. 1988 program was expanded to 125% of the Poverty Level.

* Increased utilization partially due to high unemployment rates beginning in Fiscal Year 1981.

1/ Reflects unduplicated count of persons receiving one or more types of medical services.

2/ Date of 1st payment: Primary Care - July 1979; and Rural Health - Sept. 1982.

3/ FY 81 Inpatient contains unknown number of Mental Hospital recipients. Some data unavailable due to implementation of computerized NMIS system.

4/ FY 82 Inpatient contains unknown number of Mental Hospital recipients. CMHA 81 implemented October 1981, resulted in a decrease in MAC eligibles and consequently a decrease in Medicaid utilization. Also, State discontinued a segment of MA program for children of unemployed parents. Data for Lab partially estimated.

5/ FY 83 Clinic includes 848 for Primary Care and 185 for Rural Health.

6/ FY 84 decreased utilization relates primarily to 1) exclusion of AFDC and MAC recipients in Jefferson County that were covered under "Citi-Care", a prepaid health insurance plan to provide Physicians, Inpatient and Outpatient Hospital, and Home Health Services and 2) delayed processing of claims during change over to fiscal agent. Clinic includes 660 for Primary Care and 284 for Rural Health.

7/ FY 85 increased utilization due to the discontinuance of "Citi-Care" in July 1985. Clinic includes 1,178 for Primary Care and 237 for Rural Health.

8/ FY 86 Clinic includes 1,200 for Primary Care and 315 for Rural Health.

9/ FY 87 Clinic reflects 1,284 for Primary Care and 260 for Rural Health.

10/ FY 88 Clinic includes 1,235 for Primary Care and 248 for Rural Health.

11/ FY 89 Clinic includes 1,341 for Primary Care and 322 for Rural Health.
